CROC TENSIONER

The tool can be used for packaging all form cargos, including round cargos of small diameters, and can be used for both horizontal and vertical packaging.

Works in tandem with the Clip Sealer or without it using a special kind of seal.

Video of work: <https://www.youtube.com/watch?v=7ObB6-iK7kM>

Tool working on regular duty & heavy-duty steel straps: up to 1 1/4" (32mm) & width up to 0,039" (1mm) thickness.

Benefits of tool:

- Design of tool allows making high tension;
- Tool breaks strap up to seal not leaving sharp edges;
- Additional option of cutting the strap, ease of operation in tight spaces thanks to short handle stroke;
- Possibility of using seal type without using sealer;
- Small weight (9 lbs);
- Friendly-used tool;
- Tool reliability. Even with intensive work, the tool practically does not require repairs;
- Competitive price of tools & spare parts;
- Warranty 12 month;
- Excellent warranty & After-warranty service.
